Yaa Bosumtwi: Health and Human Rights Activist – yaaforjustice@gmail.com

Yaa Bosumtwi is involved in a multi-million dollar lawsuit with Columbia University for illegal employment practices. Yaa graduated from Columbia and is currently a Columbia employee who has been coerced, threatened and blackmailed to lie and misrepresent facts that would mislead government officials and the Ghanaian Public. They attempted to corrupt her at the young age of 30. As a loyal Ghanaian and future leader she said NO and FOUGHT back!!! Come and hear this harrowing story of David against Goliath the billion dollar Columbia Corporation that operates with impunity in Ghana breaking employment laws!!

Courage is not the absence of fear, but rather the judgment that something else is more important than fear.
We implore you to join and fight with us now!!!
